NEW VACANCY! (PK8215)

Our client offers packaging solutions to a wide range of major food producers and industrial companies across the UK and Europe.

They are currently recruiting for a Print Finisher to include setting up and make ready of the finishing / rewinding equipment, running to maximum efficiencies, cleaning down and assisting with other tasks as and when required. There may be requirements to operate other machinery within the business if necessary.

Responsibilities:

Perform a complete set-up of equipment and gather materials in an efficient manner, which may include: monitor/maintain equipment with rotating parts, slit and inspect rolls.

Determine and understand all order instructions and running of equipment productively while, meeting job requirements of accuracy of product, accurate quantity, and required attributes at a quality level that meets or exceeds our customer's expectations.

Report all quality issues to the appropriate channel for correction.

Maintain production operation by following policies and procedures, which may include using basic computer systems, hand trucks, forklifts, pallet jacks or other equipment.

Maintain safe and clean working environment by complying with procedures, rules and regulations.

The ideal candidate will have operated Finishers / Rewinders or Gluers previously and will

able to set up and run machines without significant training.
