What is it like being a private dentist at Rodericks Dental Partners?

At Rodericks Dental Partners there are many opportunities for developing clinical skills in a safe and patient focused environment. Rodericks Dental Partners are committed to giving clinicians autonomy and clinical freedom. There are also systems that take care of most administrative matters for dentists, allowing clinicians to concentrate on the delivery of excellent quality dentistry.

Training opportunities are plentiful and discounted, with a multitude of opportunities to undertake regular CPD courses, such as implant, and restorative PG Cert/Diploma courses. Clinicians have a vast array of good quality equipment and materials at their disposal and are able to easily request additional materials that they may wish to use. There are good support staff within the practices, such as hygienists, therapists, treatment care coordinators and

nurses trained with additional qualifications such as in radiography, impression taking and implant training.

Improving lives through quality dentistry – together.

At Rodericks Dental Partners we are committed to improving lives through quality dentistry

– together. We do this by ensuring we reward you financially and personally as you develop

your career by offering you great incentives, recognition, and opportunities.

As a Dentist, you'll play a leading role in delivering the best service to your community of patients. You'll be supported by a hugely experienced team of Orthodontists, Endodontists, Periodontists, and Implantologists across the area. Regular meetings your Practice Manager and

a dedicated clinical team, that will help your stay on track with your revenue targets and expectations and support you with the operational management of the practice. This is an outstanding time to join an experienced and growing business and your passion for delivering the best in community dentistry will be matched by our ambitions to help you succeed.

Genuine career progression

We are a 'progress from within' culture, with huge opportunities to learn new skills. Our career development programmes and the vast amounts of CPD all support a shared attitude for better.

We have the investment, the strategy, the people and the National footprint ready. We now need

the next generation of quality dentists to match our ambitions for growth.

Talented, purpose-driven people

We have the most experienced leaders in the sector. And the people who run our business, genuinely understand, and are passionate about, dentistry. We believe that our reputation is only as good as the people who work here. That's why we want to create an environment where people thrive, succeed, grow, and win together. We are a 'progress from within' culture,

with huge opportunities to move into Lead, Management or Specialist roles.

Clinically led care

Following the merger of two great dentist groups in 2022, we are now perfectly placed to build on solid foundation and grow our footprint cross the UK. The clinical freedom we have

allows us to choose the right solution with each patient. If your ambition is to grow your skills and career, talk to us.

Community focus

Everyone is empowered to increase access to care locally. And individual practices are given the freedom to do what is right for their local communities and promote oral health through local education. Working with the team, you'll help every patient in your community understand the options they have for treatment. And your passion for excellence within the team will be seen in the way you role-model and lead by example.

'Win-together' rewards

We have a rewarding pay-structure and a range of "Win together" rewards that recognise individual and team performance. And our focus on supporting life outside of work demonstrates our commitment to everyone and our recognition for their life pressures. Our flexibility is a key focus area and supports people with their commitments to childcare and other forms of care.
