## Procurement Manager - Telecommunications & Technology

**Position** Procurement Manager - Telecommunications & Technology

**Location** West London

**Salary Range:** £65,000 - £75,000 + Comprehensive Package

**Work Model:** Hybrid (2 days onsite)

Contact:

### Overview:

Elevate your career by joining a pioneering satellite organisation as a Procurement Manager, at the forefront of acquiring cutting-edge technologies in satellite platforms, networking, IT, software, and cloud deployment. Thrive in a dynamic, innovation-driven culture where a proactive mindset is valued. As a key player, you'll report directly to top leadership, overseeing critical aspects of supplier management, sourcing, and category optimization.

### Key Features:

**Strategic Procurement Excellence** : Lead and drive procurement excellence in a forward-thinking and technology-driven environment, contributing to the organization's competitive edge.

**Collaboration with Tech Leaders**: Collaborate closely with influential technology leaders, including the CTO and Space Engineering Directors, ensuring procurement aligns seamlessly with technological advancements.

**Hybrid Work Model** : Experience a flexible hybrid work structure, allowing you to balance onsite presence with remote work, fostering an optimal work-life balance.

**Attractive Compensation:** Enjoy a competitive compensation package, inclusive of a salary that reflects your expertise and a comprehensive benefits package.

**Qualifications:**

**Proven Expertise:** Bring a minimum of 6 years of procurement expertise, specifically in the telecom or IT sector, with a focus on software-oriented acquisitions.

**Strategic Proficiency:** Showcase proficiency in strategic sourcing, cost ownership, supplier performance management, and strategic forecasting.

**Values Alignment:** Demonstrate alignment with the organization's core values, contributing to a positive and collaborative workplace.

**Educational Background:** Possess a Bachelor's degree or equivalent qualification.

Don't miss this transformative opportunity to shape growth in a dynamic and innovative setting. To be part of this exciting journey, forward your CV to
