

## Production Manager - Electro-Mechanical

[Apply Now](#)

Company: Versorecruitment

Location: United Kingdom

Category: other-general

**Title: Production Manager**

**Salary: £65,000 - £85,000**

**Location: Belfast, Northern Ireland**

### Production Manager – Electro-mechanical in Belfast!

Are you an experienced Production Manager with a proven track record of success?

Join a dynamic manufacturing team in Belfast, overseeing electronic and electro-mechanical assembly of cutting-edge products.

As a dedicated Production Manager, you'll play a crucial role in guiding the team to achieve production volume, product quality, delivery, and cost objectives. We're seeking a results-driven professional who can bring leadership skills to the forefront, driving operational excellence through the implementation of lean manufacturing principles and continuous improvement.

### Production Manager Job - Key Responsibilities:

Establish performance benchmarks aligning with site and future state objectives.

Formulate and execute an annual operating plan, incorporating Kaizen opportunities, capital plans, productivity projects, and the production department budget.

Expand the Continuous Improvement Methodology and foster positive engagement through the ongoing development of cell leaders, buyer/planners, quality engineers, and operators.

Oversee product quality, on-time shipment, and production material within assigned cells, collaborating with customers to ensure timely order execution.

Set time goals per production forecasts and schedules.

Manage recruitment, training, performance evaluations, and other actions related to employee performance.

### **Production Manager Job - Qualifications & Expertise:**

Bachelor's degree in Engineering, Business, or Production Management.

Proven experience as a first-line supervisor/manager.

Exceptional leadership and motivation skills, with a proven track record of leading successful teams in a dynamic manufacturing environment.

Adept at handling diverse personnel and production challenges.

Proficiency in time and project management, troubleshooting/problem-solving, planning, follow-through, and quality improvement processes.

Effective collaboration skills across various technical and management levels.

### **What's on Offer:**

The successful candidate will be rewarded with a competitive salary ranging from £65,000 to £85,000 commensurate with experience and skills.

You'll have the opportunity to work with cutting-edge technology and be part of a forward-thinking team that values innovation and continuous improvement.

If you are a results-driven professional with a passion for driving operational excellence,

this role is perfect for you. Don't miss out on this exciting chance to take your career to the next level and make a real impact in the world of production management. You might be in a lead supervisor role or known as a manufacturing manager, value stream manager, production lead etc.

Apply now to be considered for this fantastic opportunity and take the next step in your career as a Production Manager in Belfast. Contact Daniel Saddi for more information or a confidential discussion.
