Company: Hypervolt Limited

Location: United Kingdom

Category: other-general

Production Operative Role

[REDACTED], smart, electric vehicle charging technology: hardware and software. We focus on combining beautiful design, exceptional customer experience and high performance software & hardware engineering to provide a product that our customers love.

We are a UK company and build + manufacture everything here too.

We are a bunch of highly motivated and passionate people that are excited by being on a mission to be the backbone of the electricity grid, developing technologies that will slingshot the transition to an EV powered world and leave behind a cleaner, greener and more sustainable energy infrastructure for future generations!

Life at Hypervolt [style=font-size:11pt;font-family:Roboto,sans-serif;color:#000000;background-color:transparent;font-weight:400;font-style:normal;font-variant:normal;-space:pre:white-space:pre-](#)

Location: Rainham, Essex

Onsite Parking: Yes

5 days per week on site work

Over time and weekend work available: Yes

Job Description

[REDACTED]
The number 1 priority in your role is to deliver the greatest output on the given task that you allocated to perform as part of the Production team to ensure we are hitting our daily targets for production.

Key responsibilities:

You will be trained and assigned a wide range of activities in production including but not limited to unit assembly production, PCB Building, LED attachment, RCD Testing, Quality Control, Packing prep and packing.

Work diligently and accurately to ensure there are as few mistakes as possible when carrying out your tasks.

Follow all processes for inventory usage and support in the monthly stock take process.

Work collaboratively and supportively with other departments in the factory to ensure that the overall business unit is a productive and happy place to work.

Ensure that all deviations from standards, quality issues and potential problems are reported to Production Team Lead or Supervisor.

You will be responsible for making sure that your work area and the general factory is a clean, tidy and safe space to work in.

Making sure that all data is stored correctly and processed efficiently on our software systems relating to your specific role.

If you can see ways of working that would make your role more efficient or increase productivity make a suggestion to improve things and contribute to continuing to make the Hypervolt factory an amazing place to work.

Who We'd Like:

Hard working nice people

Reliable

Dependable

Passionate about what we do and why we do it

Bonus skills & experience:

Any previous experience working in production for a consumer electronics company

The low down:

Competitive Salary

Join a dynamic and close-knit team at our factory in Rainham, Essex.

This is a fast-paced startup environment.

You'll be joining a fast-growing company at an early stage with ambitions to be a major global contender.

You're selling a product that people love, need and want, that benefits a cleaner & greener world.

The UK market is going to grow 30x within the next 5 years, and we'll shortly be going global.
