Are you a master of logistics and organisation? Do you thrive in fast-paced environments where every day brings new challenges? Are you ready to play a vital role in ensuring smooth operations and optimal efficiency? If so, we have an exciting opportunity for you! We are currently seeking a talented Production Planner to join our dynamic team in Greenford. As a Production Planner, you will align daily sales forecasting with operations across two depots to maintain a rolling six-week production plan. You will publish a weekly seven-day production plan, addressing risks and seizing opportunities for better delivery. You will also analyse and manage discrepancies between orders and forecasts proactively. You will anticipate and resolve supply issues, ensuring quality, labour, and equipment standards are met. Additionally, you will monitor and adjust daily production plans for optimal delivery. You will ensure an accurate Bill of Materials and utilise the ERP system efficiently for communication. You will maintain product quality knowledge and optimize FIFO allocation. You will also develop and maintain capacity planning frameworks and SOPs, focusing on yield and waste control.
