Location: United Kingdom

Category: other-general

Description

Job Title: Project Architect

Salary: £35, - £45,

Location: Manchester

We're working for a nationally renowned Architecture practice based in Manchester, who are well known for their specialism within the Conservation and Heritage sector.

If you're an ARB Registered Architect looking for a new challenge, we're keen to hear from you. Ideally, we're looking for an Architect with previous experience within the sector, however we will consider candidates with a strong interest in conservation and heritage who would like to be considered for the role. The primary software used to deliver projects will be Revit, so previous experience using the package is also beneficial.

This is a great opportunity to learn and progress with one of the industry's leading conservation specialists. Competitive rates of pay are on offer depending on the level of the successful candidate, and a clear path for progression will be set out to ensure your professional development.

If you are interested in being considered for this role, please use the link provided to apply now. For further information, please get in touch with Tom Brown in our Leeds office on

Calibre Search promote equality in the workplace and we welcome applications from all suitably skilled or qualified candidates regardless of their sex, race, disability, religion/beliefs, sexual orientation or age. We act as both an employment agency and employment business.
