Project Engineer (Great Progression & Development)

£30,000 - £35,000 + Bonus + Hybrid Working Options + Structured Progression & Training + No Weekends + Benefits (33 Days Annual Leave, Pension)

Office Based with some hybrid working options, commutable from Blackwood, Caerphilly, Newport, Cardiff and surrounding areas.

Are you from a Project engineering, Quality or NPI background looking to join an internationally respected, blue chip business where you work across the lifecycle of bespoke new products for high value clients while being supported by a highly skilled team and progressed to a technical expert.

This is an exciting and varied position within a thriving company where you will benefit from fantastic training and progression opportunities as well as hybrid working options, bonus and other benefits.

This company are respected internationally for their products and are in an exciting period of growth and diversification, due to this they are looking to employ a Project engineer to support the lifecycle of equipment from client brief through to production and delivery.

This is a fantastic role for someone with a NPI, Quality or Project engineering background who wants to progress into senior roles. You will work with a cross functional team will being the main point of contact with the client to ensure products are produced and delivered on time.

This role would best suit an NPI, Quality or Project Engineer who is familiar with Production lifecycle and comfortable being the contact for clients and suppliers.

The role:

New Product Integration Engineer

Supporting clients and technical team with product lifecycle

Days only, hybrid options, bonus

The candidate:

Mechanical Background

Experience in a NPI or Project position

Familiar with PPAP and APQP processes

Commutable to Blackwood
