[Apply Now](#)

Company: AGM Construction Recruitment

Location: United Kingdom

Category: business-and-financial-operations

Job Description:

Project Managers of all levels (Assist.PM'S SPM's) are needed to fill vacancies across the NW, Warrington,Manchester, Liverpool, Leeds and the NE ,Newcastle and Stockton. semi hybrid working considered plus additional locations for the right candidates who will help make the difference this Global Cost consultancy is striving for:

Are you ready to take the lead in some of the prestigious work we deliver around the world? Construction achievements we owe to our employees' diversity of thought, skills and knowledge. As a team leader, you'll thrive in our collaborative, sociable environment, where we support each other to make the most of our talents and expertise.

Our company is a great place to be when it comes to work/life balance. Ask us how our flexible and remote working policies can support your priorities. Valuing each other equally is also central to our culture. Some of our recent pledges have been for Women's Equality and being a 'Disability Confident' and 'Inclusive Employer.'

Project manager

Join us as a Project Manager at levels you aspire to be at, and share our reputation for delivering high-quality work and doing the right thing. Your diverse, exciting workload

will centre on UK commissions, valued between £0.5m and £20m+ in the property, infrastructure, nuclear and industry sectors. With specialist training & development programmes at leadership level, you'll keep progressing your career in line with your ambitions.

Your purpose

Lead and deliver PM services across the market sectors

Support other Managers on complex multi-faceted projects

Support the PM team as required on all business issues

Focus on your goals, managing resources as applicable, while highlighting potential new or repeat business opportunities.

Provide excellent customer service and understand the customers' changing business needs.

Develop delivery plans for projects, involve others and ensure objectives are met.

Challenge the status quo and perform to a high standard in changing environments

Constantly pursue performance improvement

What you can bring

A relevant construction qualification and/or working towards professional membership of a recognized institution, such as APM, CIOB or RICS

Experience in pre and post contract project management responsibilities and able to deliver this service effectively to Clients

Knowledge of both public and private sector clients

Proficiency in projects within the Education, Property, Manufacturing, and the Public Sectors

Able to manage a project throughout its lifecycle

Capable of managing a large collaborative team across the disciplines

General knowledge of current legal developments in respect of construction and

associated law

Managing commercial aspects of commissions and, or projects, including governance, fee management activities, together with internal job costings, resource requirements and inter-trading

Experience in successfully managing clients and their expectations
