## Project Quantity Surveyor

[Apply Now](#)

Company: Oyster

Location: United Kingdom

Category: business-and-financial-operations

Well, if you're a talented Quantity Surveyor/Employers Agent near Leeds looking for your next challenge, then this opportunity is perfect for you.

My client is a Multi-Disciplinary Consultancy, who are looking for a traditional QS/EA with a genuine passion for construction, to join their happy and positive team of like-minded individuals.

You'd be working on some bespoke Commercial and Residential projects, some fantastic Hotel, Retail and Leisure schemes, along with some of the incredible Healthcare, Education, Industrial and Heritage projects they have too. No chance of being pigeonholed!

With consistent APC support from all corners of the office, and several recent APC success stories, if chartership is your priority then you too could become one of these success stories.

This business has a very impressive staff retention rate, as they have carefully built a warm culture and a friendly working environment, thanks to the endless support and open communication from the Directors, the regular socials and events they hold, and the focus on hiring genuinely good people.

Additionally, this company prioritises internal promotions, as they see the value in rewarding their own employees for the work they do. This is a serious opportunity to substantially build upon your skillset, fast-track your career by quickly climbing the ranks, and make a real name for yourself in the QS industry.

If you're ready to take the next step in your career, then apply below or message me on LinkedIn if you have any questions.
