Job Profile

Our client is a national independent loss adjusting practice that has been enjoying a significant growth phase over the last 2 years.

It now seeks a home-based adjuster to operate within the North East, handling a mixed portfolio of domestic and commercial property losses generally up to £100,000, but with the licence to go higher if ability allows.

You can live anywhere from York to Newcastle, but must be prepared to travel extensively throughout the region.

Our client offers manageable caseloads that will enable you to concentrate on the core aspects of the role and provide the type of dedicated and professional service that everyone craves.

Applicant Requirements

Candidates should have a general property adjusting background, but the role is more suited to those currently working in the domestic property field who are stuck in a rut and seeking true recognition for the service they offer.

Progress with professional examinations through CII or CILA would be preferred but is not essential.

Salary & Benefits:

Basic salary up to £50-55,000 plus fee-related bonus, car allowance, pension, private medical care and 25 days holiday.
