Company: Adjusting Appointments Limited

Location: United Kingdom

Category: other-general

Job Profile

National loss adjusting operation has a requirement for a General Adjuster in the North West region.

Working from a home base you will deal with a mixed portfolio of commercial and domestic losses.

The role will involve dealing with losses on a cradle to grave basis typically up to £100,000 with a bias towards commercial claims.

The portfolio consists of Commercial, Property Owners and a small amount of domestic losses.

You will be expected to cover an area around the area you live and the surrounding counties.

Candidates can live anywhere within this region specified and be prepared to travel.

Applicant Requirements

Applicants must be able to demonstrate their experience dealing with both domestic and commercial losses on a cradle to grave basis, working from a home base.

Progression towards professional qualifications would be advantageous, but not essential.
