

PSV Assistant Engineering Manager

[Apply Now](#)

Company: Manpower UK Ltd

Location: Greenock

Category: architecture-and-engineering

Manpower is thrilled to present a unique opportunity for an Assistant Engineering Manager in Greenock, tailored for those passionate about bus engineering and eager to advance their leadership journey. Our client, a leader in the public transportation sector, is on the hunt for an ambitious individual ready to drive technical and service excellence within their engineering team, with a particular focus on the latest in electric vehicle technology.

As the Assistant Engineering Manager, you will be instrumental in leading the engineering operations at the Greenock Depot. This role is not just about managing; it's about inspiring a team, pushing the boundaries of innovation, and ensuring the highest standards of safety and efficiency.

Key Responsibilities:

Lead the delegation of maintenance tasks, surpassing DVSA standards and setting industry benchmarks.

Foster a safety-first culture, adhering strictly to engineering legislation and organizational policies.

Mentor and develop the engineering team to achieve peak technical proficiency and operational efficiency.

Ensure effective communication within the team and with the Depot Engineering Manager to optimize collaboration.

Keep abreast of industry innovations, continuously enhancing your and your team's engineering prowess.

Maintain meticulous engineering records, demonstrating excellence in documentation and compliance.

What We're Looking For:

A valid full UK driving licence.

Significant experience in PCV or heavy vehicle mechanics.

A PCV licence is highly regarded, though not mandatory.

A genuine passion for mentoring and team development.

Strong team player with the ability to perform under pressure.

Willingness to work flexible hours to meet the evolving needs of the engineering landscape.

What You'll Get:

A competitive salary of £42,000 plus bonuses.

Enrolment in our company pension scheme.

Unlimited free travel for you and your partner across our network.

Access to continuous professional development opportunities to fuel your career growth.

Full provision of PPE and specialized equipment necessary for your role.

Your Career Path:

Content with your role? Great! However, if you're hungry for more, our client supports your ambition to tackle more challenging projects and ascend further in your engineering management career.

This opening presents more than just a job; it's a chance to make a substantial impact in the field of bus engineering while growing your leadership skills. If you're ready to take the next step in your career with a company that values innovation, excellence, and the professional development of its team, apply today to join our prestigious client as the Assistant Engineering Manager in Greenock.
