Category: other-general

We are looking for experienced and ambitious PSV Field Service Technician to join one of our key transportation clients in a permanent role based in Scotland.

Our client is seeking experienced Field-based Service Technicians to join our dynamic service team in three key regions: Scotland, the UK Midlands, and the South of England. These roles are pivotal in providing high-quality maintenance and repair services for our growing parc of buses and coaches, directly impacting our commitment to reliability and customer satisfaction.

What a PSV Field Service Technician Role entails

Perform detailed inspections and diagnostics to identify and resolve mechanical and electrical issues, including axle and driveline repairs.

Conduct pre-delivery inspections, routine maintenance, preventative measures, and repairs to ensure vehicle reliability and roadworthiness.

Electrical fault finding including diagnosing CAN networks.

Diagnosing faults on HGV/PSV air systems.

Comply with all health and safety regulations and company policies.

Utilize diagnostic equipment and stay abreast of emerging technologies within the industry.

Maintain accurate records of maintenance, repairs, and inspections.

Requirements for PSV Field Service Technician

Proven experience as a Service Technician within the bus, coach, or heavy vehicle sector.

Excellent knowledge of mechanical, electrical, and electronic components of vehicles.

Ability to work independently in a field-based role, managing time and resources effectively.

Full driving license, with the willingness to travel across the designated region.

Relevant technical qualifications (e.g., NVQ, City & Guilds, or equivalent) in vehicle maintenance and repair.

Excellent communication skills, both verbal and written.

Full clean driving licence. D (PSV) Licence preferable.
