Refer a friend scheme

As a Dental Nurse, you'll play a key role looking after every patient and supporting your

dentist. With your understanding of Private, NHS and UDA treatments, together with your knowledge of GDC and other regulatory responsibilities, you'll set the highest standards for your team and your patients.

Being a Qualified Dental Nurse in the Rodericks Dental Partners family...

Passionate about delivering excellent patient care at all times. Working with clinical freedom, to allows us to choose the right solution with each patient.

Understand the importance of teamwork within the surgery and how you can work effectively to support the dentists

Possess excellent organisational and influencing skills, using these to ensure that the practice delivers effective care

Understand Private and NHS dentistry – supporting offering treatment options to patients and how you can best drive surgery efficiency and help the practice performance goals

Sharing your knowledge and being a role model to any Trainee/Apprentice Nurses within your practice, buddying them through their initial induction and acting as an extra support as they learn

Demonstrating your full understanding of GDC and other regulatory responsibilities

Embrace the importance of your own CPD and ongoing professional development

To be considered for this role, you must have a relevant live or pending GDC registration.

If you like the sound of working with Rodericks Dental Partners, don't hesitate, click "Apply" now.
