Company: Pertemps TM

Location: Wigan

Category: other-general

Job Title: Quality Control Technician

Location: Wigan (WN6)

Salary: £28,000 per annum

Shifts: Mon - Fri (day shift) 38hrs per week

Contract Type: Permanent

We are currently recruiting for an experienced Quality Control Technician for our client who are a well-established family run business, specialising in engineering high precision components for projects within the UK and internationally.

As the Quality Control Technician, your duties will be:

Ensure the highest standards of quality within the production department.

Raise Initial Sample Inspection Reports and documentation packs.

Perform inspections on machined components and finished products to verify compliance with engineering drawings, specifications, and quality standards.

Use various measurement tools and testing equipment to conduct thorough inspections and accurately record measurement data.

Identify and document non-conformities, defects, or deviations from quality standards.

The successful Quality Control Technician will hold the following skills and experiences:

Must have experience working within an Engineering environment.

Must have some machining experience.

Proficient with reading engineering and casting drawings.

Must have the ability to use micrometres, gauges and optical equipment.

Experience in raising Initial Sample Inspection reports.
