Category: construction-and-extraction

Quantity Surveyor required by leading main contractor specialising in occupied social housing projects in Chichester

Position: Quantity Surveyor – Social housing refurbishment projects – Chichester

Package: To £60,000 + car/car allowance + excellent benefits package

Location: Chichester

Company Overview: Our client has established itself as one of the largest and most successful providers of social housing refurbishment schemes in the UK. They undertake projects from as little as £500k up to as large as £60 million and pride themselves on staff retention and training and due to the company's structured and rapid progression and growth. They have secured a number of new contracts and frameworks which will see them double in size over the next 18 months

Project: The project is an occupied social housing refurbishment contract valued at £4.3 million. Scope of works include window and roof replacements, External Wall Insulation (EWI), and concrete repairs for a prominent housing association.

Reporting to a Senior QS, you will assist in the following activities

- * Procuring sub-contractors
- * Administration/record keeping
- * Daily line management meetings
- * Measurements and Variations
- * Sub-contractor payments
- * Prepare monthly cash-flow forecasts for clients

This is a fantastic opportunity to join on a new framework for a market leading main contractor offering a great salary and benefits package
