Company: HAYS

Location: United Kingdom

Category: business-and-financial-operations

**\*\*Quantity Surveyor required to join Landmark Client to assist with £100m Development Program\*\***

### **Your new company**

Hays are delighted to be working with a Landmark Infrastructure Client who are seeking to employ a Quantity Surveyor directly to join their internal commercial team.

This company announced a development program valued at £100m last year and as such are seeking to enhance the existing engineering and projects team with an experienced Quantity Surveyor to assist with the implementation of this capital program.

### **Your new role**

Your new role will see you primarily be responsible for assisting the Engineering team to deliver a wide range of capital and maintenance projects with a focus on budgetary control and management. You will also work closely with the finance team to develop and monitor both operational and capital budgets and spend.

The successful candidate will play a key role in the company's future, reporting to the Director of Projects & Engineering, supporting the planning and execution of strategically important projects within a live operational environment.

This role is contracted at 37.5 hours per week, with working hours being 8am – 4pm Monday to Friday.

### **What you'll need to succeed**

To succeed in this role, you will ideally have 5+ years' experience in a QS position, have a solid knowledge of compliance & regulatory standards, have experience of all aspects of cost

control in construction projects, and display experience with managing contractors/consultants and managing and allocating budgets.

It is also extremely desirable that you can display an ability to problem solve, deliver results, plan & maintain direction, work as part of a team, be customer focussed, communicate effectively and manage finance/budgets.

### **What you'll get in return**

This is an exciting opportunity for a person wishing to develop their career in construction within the aviation industry; as Quantity Surveyor the successful candidate will be part of a high performing team building future infrastructure. This role also represents an excellent opportunity for exposure to an international network of professionals and businesses as well as an attractive list of benefits including;

33 days annual leave

Group Personal Pension Plan (GPPP), 6% employer contribution

Life Assurance

Educational Development Allowance

Flexible working (can apply for)

Company sick pay (up to 6 months full pay, followed by 6 months half pay)

Enhanced parental leave

Occupational health

Payroll giving scheme (charitable donations)

### **What you need to do now**
