Company: ReWork Recruitment Group Ltd

Location: London Area

Category: construction-and-extraction

Quantity Surveyor | £50,000 - £70,000 | London | Fit Out (Drylining) |

Permanent Sometimes you stumble across a business who have just got their s*it together. This is one of those businesses. Great clients. Great projects. And most importantly great people. See, lots of places claim to be great places to work. Very few are. But when it comes to fit-out sub-contractors you will be hard-pushed to find somewhere better than this. A specialist drylining sub-contractor, this business works with tier 1 main contractors and has gained a great reputation for the quality of their work. Just as importantly from a potential employee perspective, this business has amazing staff retention rates – demonstrated by the number of long-serving staff members in their team. People just don't want to leave – and I should know; before I started working with this business I tried to headhunt their people and never managed to convince anyone to look elsewhere! We are now looking for a Quantity Surveyor to join their London-based team and become their next long-term team member. Drylining experience would be great of course but we will also look at quantity surveyors working on commercial fit-out projects in a sub-contracting capacity (glazing, joinery, partitions etc). The salary range is quite broad here but that simply reflects the fact that the business is happy to consider quantity surveyors working at slightly different points in their career journey. If in doubt, give me a shout. Apply now or call George @ rework for more info
