Job Title: Quantity Surveyor (Structural Steel)

Location: Norfolk, United Kingdom

We are currently seeking a skilled Quantity Surveyor with a strong background in Structural Steel to join our dynamic client in Norfolk. As a Quantity Surveyor, you will play a crucial role in managing costs and ensuring the financial success of our projects within the structural steel industry.

Responsibilities:

Conducting cost analysis and preparing detailed estimates for projects involving structural steel.

Managing project budgets and ensuring cost control measures are implemented effectively.

Evaluating and negotiating contracts with suppliers, subcontractors, and clients.

Monitoring project progress and providing regular financial reports to stakeholders.

Identifying potential cost-saving opportunities and recommending value engineering solutions.

Collaborating with project managers and engineers to ensure cost-effective project delivery.

Resolving any commercial disputes or claims that may arise during the project lifecycle.

Requirements:

Proven experience working as a Quantity Surveyor within the structural steel industry.

Strong knowledge of construction contracts, procurement methods, and cost management principles.

Excellent analytical and problem-solving skills, with attention to detail.

Proficiency in industry-standard quantity surveying software and MS Office applications.

Effective communication and negotiation skills, with the ability to build positive relationships.

Degree or equivalent qualification in Quantity Surveying or a related field (preferred).

Salary: Competitive salary package, dependent on experience.

If you are a motivated Quantity Surveyor with experience in structural steel projects and are looking for an exciting opportunity in Norfolk, we encourage you to apply. Please submit your CV or contact Lewis Woollard direct on 01603 415 100.
