Company: The Candidate Recruitment Agency

Location: United Kingdom

Category: other-general

React Native Developer - UK Remote Working - Up to £55,000The Candidate has partnered with a SaaS company at the forefront of their market in their search for a React Native Developer to join their team on a UK-based remote basis. You'd be joining an established development team working on their flagship product built with React Native, TypeScript & React. They'll be looking for you to have a seat at the table when it comes to technology decisions and future direction of the product. Opportunities for progression are also very real as they plan to continue growing the team organically over the next 12-months. Their well respected in their industry with nearly 5,000 Trustpilot reviews and a rating of 4.3/5. They'll need you to have solid commercial experience building React Native applications on a commercial basis. Salary on offer is £45-£55K working on a UK-based remote basis. If this sounds like it'd be up your street and you'd like to know more, hit apply and we'll get in touch ASAP. Please note due to high volumes of applications unfortunately we are not always able to respond to all unsuccessful applicants. However we wish everyone who applies the very best with their job search.
