Company: Change Grow Live

Location: Worthing

Category: Other-General

Do you want to work for a caring organisation that believes in people? Do you want to make a difference? As a Recovery Coordinator with Change Grow Live you'll work with people who use our services, helping them get to where they want to be. With this role you'll be working as part of the care coordinator team, based in Worthing Hub.

The team supports people with their or their loved ones' drug and/or alcohol issues. No two days are the same and we treat every person who comes into our service as an individual, so being flexible, curious and a good listener are key.

You'll have to record information about what you do, so enjoying a bit of paperwork and attention to detail is important. But most of the time you'll be enjoying working with people from all backgrounds, making a difference to their lives.

This is what one of our Recovery Co-ordinators/people who use our service had to say: "I like the team spirit, that we all bring something different and we always put the people who use our service first". Our values are to be compassionate, open and bold.

If this sounds like you we'd love to hear from you so click apply. CGL points 23 to 28 (£26,393.
