We are looking for an regional manager to join the Store Support division. Your main responsibility will be to manage, control and monitor the colleagues working within your region and client accounts. You must also maintain and develop these relationships and continue to build effective lines of communications between us, the clients, and any relevant agency at all levels.

Job Specifics - Regional Manager

You will be required to:

Train and develop all levels of merchandisers and build small teams who can travel together

Work closely with the client to understand their requirements

Manage the client resource requirement by evaluating the workplan's project schedules

Ensure any issues raised are reacted to in good time

To support the recruitment & training processes, building teams who can travel together
To conduct regular site visits, ensure all H&S procedures are adhered to whilst maintain a consistent delivery across the client estate and associated contracts

Personal Specification:

A proven track record of people management

Ability to have a strong impact and influence key decisions

Excellent client facing skills

Motivational and team building skills

Full UK Driving License

Experience in project / account / area management within the retail environment (Desired)

Previous merchandising experience (Desired)

We look forward to receiving your application.
