Company: Mindrift

Location: United Kingdom

Category: arts-design-entertainment-sports-and-media

If you're a professional who works with text, we have an exciting opportunity to use your writing, editing, technical and creative skills in a new and innovative way. Instead of thinking that AI will replace you, here you can help shape the future of AI.

We're seeking freelance writers, copywriters, editors and wordsmiths to collaborate with us creating a diverse range of content.

You will use your writing skills to create text covering a genuinely wide and varied range of topics. Working within our style guide, you will create responses that will form the 'voice' for future AI. You will create original, helpful, honest, harmless text responses and you'll ensure that your work is fact checked by verifiable sources.

### Requirements

You have some **professional or educational experience** in creative writing, copywriting and editing in English.

**Your level of English is native or proficiency (C2).**

You have a **degree** in communications, linguistics, literature, journalism, or similar.

You are ready to learn new methods, able to switch between projects and topics quickly and sometimes work with challenging, complex guidelines.

Our freelance roles are fully remote so, you just need a laptop, internet connection, time available and enthusiasm to take on a challenge.

## Benefits

Take part in part-time, remote, freelance projects that respect your primary professional or academic commitments.

Try your hand at an AI project and enrich your portfolio with new experiences.

Make a tangible impact on the quality of AI.
