

## Risk Modelling Actuary – 12 month contract

[Apply Now](#)

Company: pmactuarial

Location: United Kingdom

Category: business-and-financial-operations

pmactuarial specialise in Actuarial search within UK Life insurance. We have been asked to find a Risk Modelling contractor for a well known life insurer.

Starting in March/April 2022 for a 12 month period, you will be responsible for:

- \* Developing and implementing risk models inside of the RSG
- \* Maintaining and developing methodologies and expert judgements related to market data
- \* Production of the market data pack and other market data updates.

The ideal candidate will be an experienced Risk/Capital Modelling contractor with strong coding skills and the ability to explain complex results.
