NTT DATA Business Solutions Group is part of the NTT DATA Corporate Group a top global IT services provider, headquartered in Tokyo, operating in more than countries. We combine a global reach with local intimacy to provide premier professional SAP services from deep industry expertise consulting to applied innovations in digital, cloud, automation, and system development to business IT outsourcing.

As a global SAP Platinum Partner, NTT DATA Business Solutions Group leverages its global expertise to deliver quality outcomes whether you are a multi-national or operate in a single country. With over , SAP experts across countries, we have the capability and reach to help you solve real problems and seize the next opportunity for growth around your SAP strategy and operations.

Our global award winning SAP practice, differentiated by innovation is the undisputed leader in SAP S/4HANA. With about SAP HANA clients and more than SAP S/4HANA clients. Our clients trust our deep experience and proven approaches - all around the world.

POSITION DESCRIPTION OVERVIEW

The Senior Expert EWM role is a key and influencing role within the NTT DATA Logistics Practice. The successful candidate will be part of a wider team responsible for the design and implementation of SAP solutions to our customer base and to meet our customer's needs. As a Senior Expert you will support customer engagements and perform delivery of the EWM solutions working alongside EWM Solution Architects, Project Managers and the

Integration Team to deliver innovative and high quality solutions integrated into core S4/ECC and non SAP solutions.

Responsibilities and Expectations

- Support EWM Solution Architect to work closely with customer and NTT DATA sales and business development teams to assist in the translation of business requirements into a solution that takes advantage of the EWM capabilities supporting the architecting of EWM within the overall solution landscape. This will include collaboratively compiling statements of works to support any stage of the sales and deal review processes. Leads and co-ordinates integrated workshops with detail and complexity with Senior Stakeholders in the customer business.
- Provide thought leadership to NTT DATA and its customers focused on Supply Chain strategy specifically in the EWM solutions and the EWM road map
- Act as the design authority on the projects ensuring the quality and integrity of EWM solutions being implemented is aligned to industry best practice
- Adhering to the agreed NTT DATA strategy, engage in self-directed and other learning to keep pace with new technologies and developments to ensure NTT DATA remains at the forefront of the market within which we operate. Share, use and communicate expert knowledge in order to develop others and make business processes more effective.
- Recognise potential for repeat and extended business with respect to end-to-end service offer by NTT DATA and provide comprehensive input. Support NTT DATA to grow our business by being alert to the customer opportunities that present themselves.
- Have strength and depth in delivery and configuration expertise in the overall possibilities for EWM Inbound and Outbound process flows along with Internal Warehouse processes, Inventory Counting, Cross Docking, QIE and Production Integration.
- Have experience and knowledge in Labour Management, Yard Management, RF processing and PPF.
- Have some knowledge of MFS integration with PLC for automated Warehouse elements, Integration with Transportation Management, and Dock Scheduling.
- Have understanding and experience of CIF, integration of ERP systems (ECC or S/4Hana) with standalone EWM along with embedded EWM in S/4Hana

PERSONAL PROFILE - SKILLS AND COMPETENCIES

- Is able to communicate, influence, convince and inspire effectively by own personality and act as a trusted role model and advisor within the EWM solution architecture field of expertise.

- Proven and demonstrable track record of successfully delivering customer projects and providing EWM solutions for the resolution of complex requirements.
- Strong interpersonal and soft skills, able to quickly develop relationships with all stakeholders; within NTT DATA locally and globally, external customers, suppliers and partners to become a trusted advisor in your of field of expertise.
- Demonstrates gravitas and personal integrity, is able to overcome unforeseen situations and keeps business objectives in mind. Drives results, effects, convinces and inspires by his/her personality, behaviour and communication style. Is a role model and ambassador.
- Makes solid and reliable decisions in complex environments.
- Has a thirst for learning and staying on top of the evolving technology landscape. Actively shares and transfers own expertise and operational knowledge in a structured method, thus making it useful and functional.

PERSONAL PROFILE – EXPERIENCE

- The successful candidate will be able to demonstrate more than 6 years of professional experience working within an SAP / EWM consulting environment. Experience working with a value added re-seller or software house would be advantageous
- Proven and demonstrable experience in solution design and architecture with successful delivery and experience of all elements of more than 5 full project lifecycles

GENERAL

This is a project consulting role and will require travel to client sites

Career opportunities exist along multiple route maps from people and leadership, products and expertise and project management. Which route you take is up to you and we are on hand to provide guidance and support. Join us to start the journey that is your career path.

You will be expected to follow relevant policies, procedures and work instructions, and report to the appropriate superior if objectives cannot be met or a problem occurs, the resolution of which is outside the scope of his/her authority.

The jobholder is empowered with the necessary authority to make decisions appropriate to the execution of the responsibilities and tasks outlined. The above Job Description does not limit the employee in executing his job in concurrence with his main area of responsibility or other relevant jobs that they may be required to do.

NTT DATA is an equal opportunities employer. Please advise us should you require special

arrangements for the interview process.

You must be eligible to work in the UK and prepared to undergo high level security clearance
