

SAP EWM Functional Consultant (Software Products)

[Apply Now](#)

Company: The Config Team

Location: United Kingdom

Category: business-and-financial-operations

The Config Team - Join us, the home of the SAP EWM and contribute to changing how the world works at a company small enough to care, big enough to compete.

Job title: SAP EWM Functional Consultant

Employment: Permanent, full time, Mon-Fri

Location: UK-Based, flexible (remote/hybrid)

Package: Excellent basic salary DOE, 24 days holiday, paid birthday day off, paid volunteer day, holiday buy & sell, BUPA private healthcare, 5% employer matched pension contribution, life insurance 4x annual salary, electric car lease scheme, funded social events, investment in personal development, you chose the charity we make the financial contribution, CSR initiatives, and much more!

The role overview:

Join us in a rewarding and fulfilling role where you will be hands-on with SAP EWM systems and our in-house SAP EWM mobile solutions. This position is ideal for a Junior Functional Consultant or Systems Analyst, with previous experience in SAP EWM, seeking a fresh environment or career progression.

You will work on fast-paced projects, driving implementations of mobile and EWM software solutions to completion, from project inception to go-live stages. As part of our team, you will contribute to the innovation and enhancements of our SAP mobile RF solutions. You will be immersed in various SAP environments which will provide you with the ability to build

experience in other areas such as SAP Basis.

Whether you have experience at an end-user SAP company or an SAP consultancy, we encourage you to apply and see what we can offer you. Your expertise is valued and all our people are treated with care.

Required Skills, Experience and Knowledge:

Good understanding of EWM processes and configuration.

Knowledge or previous exposure to EWM RFUI and ITS.

A customer-centric mindset and collaborative approach to thrive in partnerships with third parties, including consultancies and logistics providers.

Expertise in debugging, ABAP, UI5 or other web development technologies would be an advantage but not essential.

More reasons to apply:

Hybrid working and modern-day working practices.

Be part of a high-performing team, with unparalleled learning opportunities.

Influence innovation within SAP EWM and web applications, shaping the future of technology.

Enjoy the credibility of working with an SAP Gold Partner & Investors in People company.

Work with globally recognised customers.

Opportunity to become SAP certified with an SAP Learning Hub Licence.

In addition to competitive benefits, enjoy perks like our electric car lease scheme, 24/7 GP appointments and free counselling sessions.

More about The Config Team:

We are a leading SAP Supply Chain Consultancy, with a people-centric and collaborative culture focused on employee well-being, learning and development and creating an excellent place to work for our people. We aim to delight customers with the exceptional delivery of SAP projects.
