Company: The Config Team

Location: United Kingdom

Category: business-and-financial-operations

The Config Team

Discover your potential at the home of the SAP Supply Chain. A company small enough to care, big enough to compete.

Job title:SAP Project Manager

Employment:Permanent

Location:UK-Based, Flexible (Remote/Hybrid)

Salary:Competitive salary, private healthcare, 5% pension matched, 24 days holiday + birthday leave, annual volunteer day, life insurance (4x annual salary), charity donation options, CSR initiatives, and much more!

The opportunity:

Embrace the opportunity to redefine your career with The Config Team! This position is perfect for established Junior Project Managers looking to be recognised and step up to a more Senior role, or for experienced SAP Project Managers seeking a fresh challenge. Join the home of the SAP Supply Chain and play a key role in spearheading our end-to-end SAP project implementations across the SAP Supply Chain and Finance, including SAP EWM & S/4 HANA.

You will work with internal colleagues and external customer stakeholders to assist and ensure SAP Supply Chain projects and programmes of work are delivered on time, to budget

and within the agreed scope. With the assistance of Senior Project Managers, you will act as a key customer contact for these strategic engagements, owning and managing new customer onboarding, project deliverables and relationships throughout the project delivery cycle.

Responsibility will also involve taking ownership of budgeting, costing, forecasting and other financials related to projects. Assisting with pre-sales activity including RFP responses, quotations, SOW, defining scope of work, evaluations and customer assessments.

Whether you have experience at an end-user SAP company or an SAP Consultancy, we encourage you to apply and see what we can offer you. Your expertise is valued here.
