Scrum Master

Join our UK Team who are committed to a Mission!

We are looking for an experienced Scrum Master to join the Leidos National Security & Defence team. This is a new opportunity for a Scrum Master to build a high performing multi disciplined Scrum Team to work on a multi-year transformation programme for our client, developing complex applications in a high assurance environment.

What you'll be doing:

Manage each project's scope and timeline.

Coordinate sprints, retrospective meetings and daily stand-ups.

Coach team members in Agile frameworks.

Facilitate internal communication and effective collaboration.

Be the point of contact for external communications (e.g. from customers or stakeholders).

Work with product owners to handle backlogs and new requests.

Resolve conflicts and remove obstacles that occur.

Help teams implement changes effectively.

Ensure deliverables meet engineering and quality standards.

Guide development teams to higher scrum maturity.

Help build a productive environment where team members 'own' the product and enjoy working on it.

What does Leidos need from me?

Experience in a scrum master role.

Familiarity with software development.

Excellent knowledge of Scrum techniques and artifacts (such as definition of done, user stories, automated testing, backlog refinement).

Good knowledge of other Agile frameworks (Crystal, XP etc.).

Excellent communication and servant leadership skills.

Problem-solving and conflict-resolution ability.

Outstanding organisational skills.

It would be great if you had the following skills:

Scrum master certification

Experience working as part of a Scrum of Scrums

Experience of working on secure Government, or MoD IT projects and programmes

Additional:

Bachelor's or Master's Degree: A degree in computer science, electrical engineering, or a related field is preferred

Professional membership of BCS or IET
