

## Semiconductor Laser Engineer

[Apply Now](#)

Company: IC Resources

Location: Greater Ipswich Area

Category: other-general

A new position for a Semiconductor Laser Engineer to join an established photonics team in Ipswich. This Semiconductor Laser Engineer will be expected to design active III-V components for Photonic Integrated Circuits. Skills necessary: PhD in photonics/optoelectronics Experience in semiconductor laser and amplifier development Experience designing III-v components Design of Mask layouts Experience in modelling optical/laser components Experience in designing Photonic Integrated Circuits If you have the necessary skills for this role, please ensure they are in your CV. For further information or to send in an application for the Semiconductor Laser Engineer vacancy please get in touch with Phil Wright at IC Resources.
