## Senior BI Developer - £65K - London (South Bank) - Hybrid

Join a growing team fostering culture of creativity, this client is a forward thinking, exciting service provider seeking an experienced Senior BI Developer to lead our BI initiatives and drive the development of cutting-edge business intelligence solutions. As a Senior BI Developer, you will be responsible for designing, implementing, and optimising BI solutions to meet the evolving needs of our organization and empower decision-makers with actionable insights.

This role will be based from the South Bank office and would require office travel at least once per week.

The role:

Lead the design, development, and implementation of BI solutions, including data models, ETL processes, and reporting dashboards.

Collaborate with stakeholders to gather requirements and translate them into technical specifications.

Architect and optimise data warehouse and data mart solutions to ensure scalability, performance, and reliability.

Mentor and coach junior team members, providing guidance on best practices and technical expertise.

Stay abreast of emerging technologies and trends in BI and analytics, and recommend innovative solutions to enhance our capabilities.

Partner with cross-functional teams to drive data-driven decision-making processes and support strategic initiatives.

Ensure compliance with data governance and security policies, and maintain data integrity across BI systems.

Requirements:

Bachelor's degree in Computer Science, Information Systems, or related field; Master's degree preferred.

Proven experience as a BI Developer or similar role, with a minimum of 5 years of experience in designing and implementing BI solutions.

Expertise in data modeling, ETL development, and data visualisation techniques.

Proficiency in SQL for querying and manipulating data from relational databases.

Hands-on experience with BI tools such as Microsoft Power BI, Tableau, or similar platforms.

Experience with cloud-based BI solutions (e.g., Azure, AWS) is a plus.

If the above role is of interest and you've got the required experience, apply with your most up to date CV for immediate consideration and interview!

Alternatively, if you would like to find out more about the position, reach out to me on (phone number removed) or at

In Technology Group Ltd is acting as an Employment Agency in relation to this vacancy.
