Company: Crouch Waterfall & Partners Ltd

Location: Greater Bristol Area

Category: other-general

Senior CAD Technician (Microstation) Superb opportunity for an experienced CAD Technician with working knowledge of Microstation and Projectwise, to join a highly successful, reputable, and growing organisation where your commitment and achievements will be appreciated and rewarded. Operating across multiple branches in the UK, Crouch Waterfall is a forward thinking Civil and Structural Engineering Consultancy working on railway infrastructure, temporary works, buildings, bridges, highways and geotechnics. Established since 1981, the business has enjoyed steady growth driven by a committed and highly skilled workforce of over 110 employees.

**The Role:** As the Senior CAD Technician, you'll join the close-knit team within a welcoming and relaxed office, working with other Technicians and Engineers across a wide variety of schemes within the rail, nuclear and building sectors. Your duties will include, although not be limited to:

- Drawing and detailing of civil and structural schemes with Microstation 3D and AutoCAD
- Liaising with the team to ensure drawings are representative of the Engineer's designs
- Drawing reviews and checking of schemes prepared by others in the team
- Mentoring Junior Technicians
- Managing projects

**What will I need to be considered for this Senior CAD Technician (Microstation) vacancy?**

- Proven experience as a CAD Technician working with 3D Microstation / Aecosim
- Working within Projectwise, with knowledge of Network Rail or HS2 document control process
- Working knowledge of UK industry standards and processes
- Eligibility to work in the UK and a high standard of written English

Although not essential, the following would be advantageous:

- HNC in Construction and the Built Environment (or similar)
- Knowledge of the civil, structural, rail, bridge and temporary works

sectors Knowledge of AutoCAD Knowledge of BIM Level 2 Experience of producing GAs from 3D topographical surveys and steel and reinforced concrete detailing What will I receive in return? As a Senior Technician, you will receive a salary in the region of £25,000 to £40,000 level dependent on experience and qualifications, plus a range of attractive benefits including: 25 days annual leave plus bank holidays and your birthday off, with option to purchase up to 5 additional days holiday per year Company performance-related bonus scheme Private healthcare Cycle to Work Scheme Matched pension scheme of up to 5% Casual attire and a relaxed and comfortable working environment You'll be employed on a permanent contract, working 40 hours per week. There is flexibility with start and finish times available however, the core working hours are Monday to Friday 9.30am to 4.30pm.
