Company: Adjusting Appointments Limited

Location: United Kingdom

Category: other-general

Job Profile

International loss adjusting practice seeks to appoint specialist construction adjuster to its UAE operation.

You will be based in Dubai and take on a lead technical role specialising in the full range of construction losses with a view to becoming the CAR Manager for the UAE operation.

This is a highly challenging technical role which will put you at the forefront of the construction adjusting market operating in the UAE and with it comes substantial rewards.

The position will be on an open-ended basis and is ideally suited to someone either of single status or married without school age children.

Applicant Requirements

Candidates are likely to have a minimum of 5 years in a specialist construction adjusting role probably within the London Market.

You should be comfortable dealing with the full range of material damage losses, and also be happy to fully engage yourself in client relationship work, both locally in the Middle East and through the London Market.

Formal qualifications either construction related through MRICS or MICE would be preferred, but our client is also happy to consider those from a more general background with ACII and/or ACILA.

Salary & Benefits:

Tax-free basic salary up to £100,000 plus accommodation, flights, bonus, car, pension, private medical care and 30 days holiday.
