## Senior Consultant (Primary Intelligence)

[Apply Now](#)

Company: Carrot Recruitment

Location: United Kingdom

Category: life-physical-and-social-science

### The Role

Our client is currently looking for a Senior Consultant to join one of their consulting divisions based in Central London. Projects are focused on primary research data, typically multi-country and are designed so that the research outputs can provide strategic input into the commercial effectiveness of the entire sales and marketing effort surrounding the launch.

Responsibilities include:

Driving business development and building on existing client relationships

Project leadership – steering projects in the right way to ensure research solutions are accurate. Deliver impactful presentations and recommendations to clients

Line management – providing guidance and mentoring a small team of analysts & senior analysts.

Strategic Input – Drive improvements to methodologies and approaches

### You

The Successful candidate will have:

Significant healthcare specific PMR experience, ideally focusing on quantitative methodologies (you will also be working on qual too)

Management / Coaching Experience

Experience designing, executing and delivery primary market research projects across a range of different therapy areas

Strong analytical skills, highly numerate with real attention to detail

Strong interpersonal skills – a real team player
