Company: Explore Group

Location: London Area

Category: other-general

Senior Data Scientist HealthTech London Up to £85k Join an innovative and rapidly growing HealthTech company based in the heart of London. We're partnered with a company who are looking to revolutionise healthcare through cutting-edge technology and data-driven solutions. They are seeking a highly skilled Senior Data Scientist to join their dynamic team. As a Senior Data Scientist, you will play a pivotal role in advancing their AI-driven solutions, leveraging your expertise in Python, Natural Language Processing (NLP), AWS, machine learning, and MLOps. Key Responsibilities: Develop and deploy advanced machine learning models to extract insights from complex healthcare data. Utilise NLP techniques to analyse unstructured healthcare data and extract meaningful information. Collaborate with cross-functional teams to integrate machine learning solutions into their products and services. Design and implement MLOps processes to ensure scalability, reliability, and performance of machine learning systems. Optimise model performance and accuracy through continuous experimentation and iteration. Stay updated on the latest advancements in machine learning and AI technologies, and incorporate relevant techniques into their solutions. Requirements: Master's degree or PhD in Computer Science, Engineering, Statistics, or a related field. Extensive experience (5+ years) as a Data Scientist, with a focus on NLP, machine learning, and MLOps. Proficiency in Python and its libraries for data manipulation, analysis, and machine learning (e.g., scikit-learn, TensorFlow, PyTorch). Strong knowledge of AWS services, particularly AWS Sagemaker, and experience working within an AWS environment. Experience with large language models (LLMs) and their applications is highly desirable. Solid understanding of software engineering best practices and the ability to write

clean, maintainable code. Excellent communication skills and the ability to collaborate effectively with cross-functional teams. Passion for healthcare and a desire to make a positive impact on people's lives is huge plus! No sponsorship is offered, you will need to be based in the UK and able to work here with no restrictions. Interested? Reach out to me: reuben.adebambo@exploreltd.com
