

Senior Design & Build (D&B) Design Manager (Water Projects)

[Apply Now](#)

Company: Anglo Technical Recruitment

Location: United Kingdom

Category: architecture-and-engineering

Our client is one of the world's most respected design, engineering, and project management consultancies. Following an exciting AMP7 and expansion of their International portfolio, our client's Infrastructure business is seeking to appoint Design Managers to support their rapidly expanding Water Sector Design & Build (D&B) portfolio, offering exciting opportunities to develop your career as a leader in delivery of projects. The role is located in Birmingham, Derby, Bristol (flexible)

Our client has number of posts across the Derby, Birmingham and Bristol offices, within both Clean Water and Wastewater infrastructure and non-infrastructure areas with opportunities to work at locations elsewhere in the UK and overseas.

It is worth noting that they are also a market leader in low carbon engineering and looking for enthusiastic engineers to join their journey to Net Zero.

Example work might include:

- Management of multidiscipline tasks and projects to programme, budget and quality.
- Developing strong working relationships with the clients.
- Co-ordination of multiple discipline inputs to achieve integrated designs/solutions.
- Leading the UK design teams for projects in the UK and other client's regions, including Middle East and Australia.
- Working collaboratively with the offshore resource.
- Assist in implementing the project BIM strategy including use of integrated design tools and data management systems.
- Preparation of schedules of work, work breakdown structures and risk and interface

schedules.

- Contribute to Health and safety management of design including application of CDM 2015.
- Working towards delivering Net zero within projects
