Company: Beeby Anderson Recruitment

Location: London

Category: architecture-and-engineering

Job Description

Senior Electrical Building Services Design Engineer required to join a multi-award winning consultancy in Central London (City). They provide design and project management across some of the most complex projects within the commercial sector and work with a number of high-profile clients and brands across the UK and Europe. They are looking for a Senior Electrical Design Engineer with a Building Services background to join their busy team on a contract basis (outside ir35).

As the Senior Electrical Engineer, you will need 5 years + consultancy design experience with extensive exposure to project delivery in the commercial fit-out and refurbishment sector. You must be fully proficient using Amtech & Dialux and should be able to demonstrate solid experience of lighting & power design in buildings.

The key requirements of this role include:

Electrical engineering degree

Proven track record of delivering projects within set time frames

Experience of designing to British standards

Strong written and verbal communication skills

Enthusiastic and driven team player
