

## Senior Electrical Engineer

[Apply Now](#)

Company: Rubicon Consulting

Location: scotland

Category: architecture-and-engineering

Rubicon Consulting is currently recruiting Senior Electrical Engineer on a 6-month ongoing contract based in Middlesbrough (Hybrid).

This position falls INSIDE IR35

We are looking for an experienced Senior Electrical Engineer to join our client in their Major Projects, Including Oil & Gas, Pharmaceutical, Process, Energy & Renewables Division.

Responsibilities of the Senior Electrical Engineer:

- \* This role will include both project and proposal work where both the technical approach and continuity must be aligned.

- \* Work activities for both projects and proposals will be executed across all phases of projects including Conceptual Studies; Basic; FEED; and Detailed Design with these duties being across various areas including Energy, Chemical, Oil and Gas, N&D, Power, New Technologies and Pharmaceutical.

- \* Project work will include development of Electrical Engineering deliverables as required on a project by project basis while you will also act as the functional Lead Engineer for projects as required by the Head of EC&I within the sector.

Requirements of the Senior Electrical Engineer:

- \* Applicants should have extensive relevant experience on medium/large capital projects from concept to start-up while working within the Electrical discipline of a contracting organisation.

- \* Candidates should also have a proven ability for equipment specification and selection and in ensuring compliance from the suppliers, preferably within an EPC contracting organisation.

- \* Competent in project execution using selected design tools and techniques with proven ability

for budget and schedule control/monitoring and reporting.

Our Company

Rubicon Consulting is a Talent management consultancy which helps you to optimise business performance and competitive advantage by choosing the right people first time
