

Senior Engineer (Track) - Rail Team - Crewe

[Apply Now](#)

Company: Balfour Beatty

Location: United Kingdom

Category: architecture-and-engineering

About the role

Our Balfour Beatty **Rail** team has an exciting opportunity for a **Senior Engineer (Track)** to join our **S&C Renewals Team based in Crewe**.

With an extensive legacy of rail expertise, our teams safely deliver complex projects from consultancy and design to all aspects of construction and maintenance. Using advanced plant and machinery and unique innovations, we provide end-to-end solutions for our customers.

As a **Senior Engineer (Track)** you will provide technical support to the Renewals Manager for the planning and delivery of track renewals, ensuring all technical aspects of the works comply with relevant Network Rail Group and Line Standards and safety legislation.

What you'll be doing

Other responsibilities will be:

Provide Technical support in the detailed planning and execution of all of Track Renewal and Enhancement Works

Monitor and ensure technical compliance on all works, site and office

Manage works in compliance with all relevant Safety Legislation and Welfare Regulations

Manage works in compliance with the CRSA technical specifications, processes and procedures and Network Rail Group and Line Standards

Undertake surveys, planning and programming of work, technical supervision on site

Ensure the preparation and submission of Bar Charts/Time Chainage charts, WPPs, task Briefs and other site documentation for all works

Undertake safety inspection as stipulated in Alliance procedures and requirements

Submit Daily Work Returns (Planned v Actuals) in a timely manner

Participate in the Alliance Safety Briefing Programme

Who we're looking for

The following qualities/experience are essential:

Good knowledge of Track Renewal Disciplines

Excellent knowledge of Rules and Regulations, HASAW and other appropriate regulations, including Group Standards

Knowledge of financial controls

Excellent interpersonal, communication and management skills

Ability to write clear and concise reports

Full driving license

HNC in an Engineering discipline or equivalent

PTS and COSS.

Why work for us

Day in, day out, our teams deliver some of the UKs most ambitious, exciting and meaningful projects; developing, building and maintaining the vital infrastructure that supports national economies and strengthens communities.

Why join us?

As if contributing to and supporting work that makes life better for millions wasn't rewarding enough, we offer a full range of benefits too. You'll have the freedom to shape the package that's right for you and your life. Here are some of our key benefits:

- Smart working, giving you more flexibility such as staggered start and finish times, with up to 40% remote working, where roles allow.
- 25 days paid annual leave (pro rata)

- Family friendly policies which include 28 weeks full pay for maternity/adoption leave and four weeks full pay for paternity/partners leave
- Pension, share incentive plan, volunteering leave, recognition schemes and much more
