Senior Estimator

£90,000 - £1100,000 & extensive package

Central London based

Main Contractor

My client is a medium sized main contractor based in London. They pride themselves on winning high profile, progressive, complex and technically challenging projects. They are known for meeting their employees needs and have a flexible attitude to working.

As a Senior Estimator, you'll be required to work on schemes ranging from £10 million to £50 million in value mainly D&B across the commercial office sector. Will also include high-end residential, retail and mixed-use sector projects. Must have experience of stage two tendering projects. This Senior Estimator role will report to the Estimating Director and will be instrumental in running the pre-construction and work winning teams.

Duties and responsibilities include:

Responsible for evaluating bid specifications and drawings, ensuring that you know

everything required to successfully bid and win the project.

Follow-up with subcontractors to ensure that bids are received, while also working with the project management teams to follow-up on bids and budgets to close business.

Prepare and maintain status of plan reproduction and prepare subcontractor bid packages.

Transmit bid information to subcontractors and coordinate and interface with Owners, Architects, Engineers, Project Managers and other project team members to resolve any technical matters during planning and development.

Efficiently performing all stages of an estimate including project selection, estimate organisation, take-off, pricing, review and closeout.

Prepare, analyse and maintain accurate quantities and thorough take offs from plans.

Have a good working knowledge of the local market, have a challenging mind set with regards to new technologies alternatives and Value Engineering.
