Company: Future Build Recruitment

Location: London Area

Category: construction-and-extraction

Senior Estimator - General Main Contractor
Job Title: Senior Estimator
Location: North London
Salary: £75,000 + package
About the Client: Our client is a leading general main contracting construction company dedicated to delivering high-quality projects in the education sector. With a focus on excellence and innovation, they strive to exceed client expectations and positively impact communities through their construction endeavours.
Position Overview: We are seeking an experienced Senior Estimator for our client in the education sector. As a Senior Estimator specialising in the education sector, you will play a pivotal role in analysing project requirements, preparing accurate cost estimates, and contributing to the successful execution of construction projects in this domain.
Responsibilities: Collaborate with project management and engineering teams to understand project specifications and requirements. Conduct a comprehensive analysis of project documents, blueprints, and drawings to determine materials, labour, and equipment costs. Prepare detailed cost estimates, including direct and indirect costs, using industry-standard estimation software and methodologies. Source and negotiate with subcontractors and suppliers to obtain competitive pricing for materials and services. Evaluate project risks and opportunities and provide recommendations to optimize cost efficiency and project viability. Participate in bid reviews and presentations, demonstrating expertise and insights into the education sector. Foster strong relationships with clients, architects, engineers, and other stakeholders to ensure alignment on project objectives and expectations.
Requirements: Bachelor's degree in Construction Management, Engineering, or related field. Minimum of 5 years of experience in construction estimation, with a focus on

the education sector preferred. Proficiency in construction estimation software such as Procore, Bluebeam, or equivalent. Strong understanding of construction methodologies, building codes, and regulations. Excellent analytical skills with meticulous attention to detail. Effective communication and interpersonal skills, with the ability to collaborate across multidisciplinary teams. Proven track record of successfully estimating and managing projects within budgetary constraints. If you meet the above requirements and are seeking a new challenge within a dynamic and successful main contracting organisation, please submit your CV. One of our specialist recruiters will contact you to discuss this opportunity in further detail.
