Senior Front End Developer (React, NextJS, Typescript, AWS) - £65k – Manchester (Once a Week) One of Manchester's leading VC backed tech start up are looking for a Senior Front End Developer to join their team working on building a brand new cutting-edge AI/data intelligence platform. Over the past 18 months, the business has enjoyed huge investment off the back of their market leading product and already count some of the worlds largest eCommerce and retail brands as their clients. It's the perfect time to join them on this exciting journey! This is a role for someone who lives and breathes Javascript and development. You'll be coming in to make an immediate impact. As their Senior Front End Developer, you'll be joining a product focussed team of 6 engineers with huge influence on the direction and future of this incredible SaaS product. What you'll be working on as their Senior Front End Developer: Building the front end of a brand new platform utilising Typescript, React (NextJS), NodeJS on AWS Serverless architecture Gaining fantastic experience on AI-Driven products R&D is a huge part of how these teams operate and they want you to come with ideas how to improve the products The key thing is a Polyglot mindset and a deep understanding of TDD and CI/CD best practices. What's in it for you? Up to £65k salary Hybrid working (Once a week in Central Manchester office) 26 days annual leave (Plus Bank Hols) R&D/Training budgets (Do you want to attend a global conference? Do some certifications? They'll pay for it) If you're a Senior Front End Developer who wants to join one of the one of the country's hottest tech start ups, and work on an AI-Driven product which is already being used by clients globally, this could be the one for you.
