Company: Maze

Location: United Kingdom

Category: other-general

Maze have been retained by a social media scale up who have quickly risen in valuation to £30+ million since they started in 2021. They're currently undergoing angel investment & a huge phase of growth which they anticipate will take them to £100m in valuation by the end of 2024. This is an extremely exciting opportunity for a talented FE Developer to join a social media scale up who are disrupting the market globally. You will be a founding member of the tech team (number 6), joining a handful of extremely talented, people. You will be responsible for all things FE engineering & becoming an advisor regarding best practices for the business/team. You will be an experienced, autonomous, hands on, collaborative engineer who also has the passion for coaching/mentoring a FE team as they grow into the future. Must have: 6+ years experience in Front End Development. Extensive experience with React, Next JS,Typescript & Redux. Entrepreneurial mindset who wants to be a part of a business who are aiming for unicorn status. Advantageous: FE focused full stack developer Material UI & storybook experience Social media, video or streaming experience Startup/scale up experience. You will receive a generous amount of stock for this position which will vest over 4 years & heavily repay you for being an early part of this amazing journey. If this sounds like an interesting opportunity & good fit, please do apply via the link.
