

Senior Highway Designer

[Apply Now](#)

Company: Norman Rourke Pryme | Certified B Corp™

Location: London Area

Category: construction-and-extraction

NRP are currently seeking to recruit a highway designer to our highly regarded traffic and transportation division. We are looking for a skilled and dynamic individual across a range of experience levels. Opportunity: Norman Rourke Pryme (NRP) is looking to appoint a talented highway designer to play a key role in our growing traffic and transportation business. The role will primarily involve leading the development of preliminary and detailed designs, supported by our existing team, providing technical expertise within the team and contributing to the future growth of the business. NRP are currently engaged on a number of very high-profile and challenging projects for key clients and there would be the opportunity to become involved in these projects directly and play a pivotal role in their delivery. The project work that NRP undertakes is varied, challenging and often high-profile due to the clients that we work for in Central London and across the UK. This ensures that the successful candidate will enjoy an interesting and satisfying work-life with many opportunities to develop valuable skills and experience. This is an excellent chance to join an exciting and growing business in which you can personally play a core role in the future development and success. You will be provided with opportunities for internal and external training as part of a programme of continuous professional development. Skills/ Qualifications: Engineer or working towards chartership. good standard relevant degree, or a post graduate qualification in Civil Engineering or a suitable level of professional experience to demonstrate capability. good skill level and experience designing highways using AutoCAD, with experience in signal junction design desirable drainage, SuDS raingardens and swales. good level of professional work experience with Highway Authorities, with London experience
