

# United Kingdom Jobs Expertini®

## Senior Investment Associate / VP – Climate

[Apply Now](#)

Company: SLK Capital

Location: United Kingdom

Category: business-and-financial-operations

We are a dynamic firm committed to elevating the quality of life for humans and animals on planet Earth. Our mission is to collaborate with decision-makers, nurture and invest in innovative companies, and forge transformative partnerships to drive meaningful positive change. With a culture rooted in integrity, pride in excellence, creativity, and service to society, we are a diverse team of less than 10 individuals from various backgrounds, united in our pursuit of sustainability and impact.

### The Role

#### The Opportunity:

██████████ Senior Investment Associate/VP to join our team and play a pivotal role in our accelerator program. The position, which can be hybrid or fully remote, with up to 50% travel, offers the chance to work flexibly across advisory and investment activities in the climate tech, cleantech, agritech, and decarbonization sub-sectors.. As a core team member, you will be instrumental in shaping the future of the firm, the clients and companies we serve.

#### Key Responsibilities:

██████████  
Lead the investment process, from sourcing, due diligence to execution, for companies at various stages in climate-related sectors.

Engage deeply with portfolio companies, offering strategic guidance and assuming board advisory positions to foster growth.

Drive fundraising efforts and enhance the firm's brand and reputation within the climate investment community.

Develop and maintain a robust network of industry experts, entrepreneurs, and advisors.

Perform thorough market analysis to identify investment trends and opportunities.

Demonstrate flexibility and adaptability in managing a diverse range of advisory and investment activities.

### **Ideal Profile**

You bring 7-10 years of experience in investment banking, private equity, or venture capital, with a focus on climate sectors.

Very strong technical background in areas of financial modelling, valuation, and due diligence.

Your passion for innovation and sustainability is coupled with a strong analytical background and a track record of successful investments.

You are a self-starter, comfortable with the autonomy that comes with a remote role and frequent travel.

Your communication skills are exceptional, and you are proficient in English, with additional languages being a plus.

As a natural networker, you have a keen ability to build relationships across different cultures and industries.

### **What's on Offer?**

Flexible working options

Opportunity within a company with a solid track record of performance

Opportunity to make a positive impact
