Senior Maintenance Engineer

£40,000 - £50,000 per annum + Flexible Shift Pattern + Progression + Training + Overtime + Pension

Slough (Ideally located: Cookham, Maidenhead, Winsor, Hayes, Beaconsfield, Bracknell, High Wycombe)

Do you have Electrical & Mechanical Maintenance experience in a manufacturing environment, looking for long term job security and on the job training?

Are you a Multi Skilled Engineer looking to join a well-established business all whilst given the opportunity to increase your earnings via overtime and progress your career?

On offer is the chance to work for a reputable company that specialises in high quality laundry services and is renowned for their excellent employee care. They're currently in a phase of remarkable growth and are looking to expand their engineering department.

The role would involve addressing breakdowns, emergency repairs and completing all routine maintenance. The right candidate will need to have electrical & mechanical experience, experience with three phase equipment and PLC knowledge.

This is an excellent opportunity to work for a large stable company that is recognised for looking after their employees, as well as providing further training and progression.

The Role:

Multi Skilled Maintenance

Addressing breakdowns & completing routine maintenance

Flexible shift pattern

The Person:

Electrical/Mechanical experience

Previous experience as a multi-skilled engineer
