This client is a vibrant and successful international consultancy within Procurement and Supply Chain Management. They have approx 60-70 consultants across Europe (25-30 Consultants in London) and have a brand new role looking for an experienced Snr Manager/Director with Management consultancy background with procurement from a recognised Management Consultancy to join them in London. They are doing exceedingly well and will offer you the power to make decisions, and to become part of an entrepreneurial and growing 'people' centric organisation. Projects are from strategy to direct optimization including procurement organization setup, category optimization and fast-impact bottom-line support (RAPID). Strong advice combined with innovative tools create value for their clients for now....and for many years to come. As a Snr Manager/Director in London you will be part of their dynamic organization and growing leadership team. They offer you: Work with true experts in strategic procurement and supply chain strategy for leading organisations An exciting and versatile job with a full project responsibility and leadership of multiple teams Prospects of acting as an expert in clients' industry-specific and individual issues building your individual area of professional expertise Leading interesting projects touching not only procurement and supply chain, but multiple parts of their client's business Unique opportunity to shape the future of the consultancy as part of the leadership further scaling the organisation and expanding into new markets A dynamic organization, where they work as a team and provide you with opportunities to develop your skills and capabilities through constant training, feedback, and coaching. To be right for the role: For this role you need to have an excellent education along with experience

of working as a Senior Management/Director for a recognised management consultancy in the procurement/digital procurement domain. Industry experience in addition to management consultancy would be of interest too - the are particularly interested in candidates who (along with the above) have lead procurement projects within the Energy(renewable energy), Telecoms, Media, Technology or industrial/manufacturing sectors. The role offers a base of £125,000 + £6,000 car/cash + excellent bonus to 58%. Work/life balance as a priority, no audit channel and excellent promotional prospects(6 monthly reviews) and fast career path.
