

Senior Mechanical Design Engineer

[Apply Now](#)

Company: Asarum Ltd

Location: Reading

Category: architecture-and-engineering

Senior Mechanical Design Engineer needed for an innovative Scientific Equipment Manufacturer in the Berkshire area.

My client are a profitable and respected company supplying Scientific equipment to the Engineering, Research and Academic sectors.

They are looking for a Senior Engineer to help take new product designs through the concept and design stage and into production.

Typical Duties will include:

Concept agreement with Optical and other discipline leaders

Mechanical design of intricate mechanisms for optical alignment and instrumentation equipment.

CAD Design Drawings (for Manufacturing / build purposes)

NPI - integration to planning, Use of MRP / ERP systems alongside communication with production team.

Technical leadership and supervision of graduate / junior engineers

You will likely come from a Mechanical Engineering / Electro-mech background with an awareness of mechanism design using a variety of precise manufacturing techniques.

Preferably, but not necessarily degree qualified.

A competitive salary is offered + benefits

Please contact Andy Townsend for further information
