Company: RGB Recruitment

Location: Ringwood

Category: architecture-and-engineering

Senior Mechanical Engineer

£40,000 - £50,000

Ringwood, Hampshire

Are you a Mechanical Engineer looking to join a successful and modernised consultancy?

In this role, you'll have the chance to join a unique multi-discipline consultancy who strike the perfect balance between large corporates and smaller consultancies – bringing the positives of both.

Your role in the team:

Lead building services design projects within a multidiscipline team.

Provide technical guidance and mentorship to junior engineers.

You will support the development of initial engineering concepts through to the delivery of detailed designs and specifications.

Undertake site surveys and investigations, and see your designs become a reality.

You will be encouraged to contribute to developing new and innovative ways of working with a strong emphasis on developing your own digital skills.

Requirements:

Experience with industry standard software: - AutoCAD - Revit - Dialux / Relux

A degree in Building Services or an equivalent is desired

Previous experience working within a design consultancy or contractor environment

Why apply?

As well as an inspiring environment and a healthy work life balance, the role comes with market leading benefits:

25 days holiday plus bank holidays

Employer pension contribution

Annual bonuses

Health and wellness benefits

Competitive salary

Charity days

This company goes about its business in the modern way, creating an environment where careers thrive and allows its employees to create high quality client solutions. You'll be surrounded by a team of industry best engineers, technicians, and designers to collaborate with and learn from to push your career further. If you're interested in this opportunity – please click APPLY online or send a cv to
