

Senior Ornithology Consultant[972344]

[Apply Now](#)

Company: Biocensus

Location: United Kingdom

Category: life-physical-and-social-science

As an ornithologist at RSK Biocensus you can expect to get involved with management and delivery of all elements of ornithological field surveys, assessment, tender and report writing and project management.

Key responsibilities will include:

Co-ordinating and undertaking a broad range of BBS, winter bird surveys, species specific surveys, offshore surveys and vantage point surveys

Designing and implementing mitigation strategies

Financial management of projects

Production of tenders and reports

Project management, report writing and delivery

Providing ornithological support on projects for the wider team

Managing and mentoring junior members of the team.

We require someone who:

Has previous, relevant experience in a similar role, ideally working in commercial consultancy, although this is not a necessity

Is technically competent and able to undertake the full range of bird surveys

Good team player, with the ability to work independently

Enthusiasm, energy and drive to develop skills and deliver projects to the highest standard

Excellent report writing skills, including survey reports, EclAs, HRAs and tenders.

Full driving licence

Appropriate membership of CIEEM (dependent on grade, or to have eligibility if not currently held).

Salary and benefits:

£31,000 - £42,000

Family friendly, flexible working opportunities

Choice of homeworking linked to multiple office / team locations.

Contributory Pension Scheme

A flexible benefits programme including the option to buy additional holidays and private health care

Regular structured training and career development

Life Assurance

Access to mental health support.
